(North Park Community Area. District-3.)

CITY MANAGER'S RECOMMENDATION:

Upon affirmative findings at today's public hearing, adopt the following Resolution:

(R-96-1221)

Considering the protests, approving the modified map, confirming the assessments, and ordering the proposed maintenance in the matter of the North Park Lighting and Landscape Maintenance District.

CITY MANAGER SUPPORTING INFORMATION:

The proposed lighting and landscape district (LLD) consists of landscaped medians and parkway along major streets in the North Park Community.

Additional lighting is also proposed to be incorporated. If the district is formed, construction of the landscaping improvements and additional street lights will be installed as part of CIP-39-2070. The lighting and landscape improvements currently under construction will be completed by September 1996. Property owners within the district would pay for the annual maintenance of the landscape and street lights on the basis of benefit. A letter with postcard survey was sent to all affected property owners asking if they favor the proposed district. In response, property owners representing 13 percent of the assessable area indicated support for the district; property owners representing 11 percent of the assessable area indicated opposition. This action proposes to: a) incorporate the areas on El Cajon Boulevard between Park Boulevard and Texas Street and between 30th Street and Boundary Street (existing Mid-City Zones 5 and 9); b) incorporate the area on University Avenue between 30th Street and Ohio Street (existing Mid-City Zone 6); and c) incorporate the street light district along 30th Street and University Avenue (University Avenue Subdistrict No. 1 of the City of San Diego

SUPPORTING INFORMATION:

Following are the items proposed for amendment:

1. Regulatory Relief Item No. 4 - Amend the San Diego Municipal Code Sections 62.0106, 101.0407, 101.0642 and 105.0204 to exclude demolition of structures in the Coastal Zone, and construction of single unit residential development on an R-1 Zoned lot in the non-appealable portion of the Coastal Zone from the requirements of a Coastal Development Permit.
2. Regulatory Relief Item No. 7 - Amend the San Diego Municipal Code Sections 101.0710, 101.0711, 101.0712 and 101.0713 to simplify citywide landscape regulations.

This project is located in the Coastal Zone, therefore the City Council's decision requires amending the City's Local Coastal Program. As a result, the final decision on this project will be with the California Coastal Commission. The City of San Diego must submit this as an amendment for certification to the Coastal Commission. The amendment is not effective in the Coastal Zone until the Coastal Commission unconditionally certifies the amendment.
